Docket No. 98N-1265 212 '99 MAY -7 P1:36  
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

If you do not allow people to continue getting their medication you the FDA should be held responsible for your actions when it adversely will affect our health! I finally feel good again since sending the medication maker ph. has made for me. I'll die before I go back to the (Covis Urine) the other pharmacies were feeding me!!!)
